POLICY CONSIDERATIONS

The City Council has established Legislative Committees in Section 14A. of the “Council Rules of Procedure.” The role of the Public Safety Committee is to review and advise upon matters of policy assigned by the City Council involving public health, welfare, and safety; including issues related to police, emergency management, public defense and prosecution, municipal court, nuisance abatement, and code enforcement issues.

This is the opportunity for the Public Safety Committee to review the draft work plan proposed by city staff. The Committee members may want to direct changes to the work plan prior to presenting the work plan to the full city council for approval.

DESCRIPTION/BACKGROUND

The draft work plan is based on the 2020 annual work plans developed by city staff to implement the 2020 budget adopted by the city council.

 4. Open House Public Comments

REQUESTED ACTION: Review the Homelessness Policy Advisory Committee recommendations and draft implementation plan. Direct Mayor Thomas and city staff to schedule the recommendations for discussion by the full city council at the regular business meeting on February 11, 2020. Schedule discussion at the March 2020 Public Safety Meeting for the Action Plan and the Communications Plan.

POLICY CONSIDERATIONS

The City Council is responsible for setting city policy and funding priority projects and programs.

The Homelessness Policy Advisory Committee has identified six focus areas::

1. *Housing*
2. *Partners*
3. *Prevention*
4. *Policy and Budget*
5. *Public Safety*
6. *Support Services*

The policy question for the city council is whether to adopt the Committee's recommendations (Attachment 1) in order to guide the city's investment of staff time and resources towards addressing homelessness in Monroe. The Action Plan (Attachment 2) and the Communications Plan (Attachment 3) will be presented to the Public Safety Committee and discussed by the city council at future meetings.

DESCRIPTION/BACKGROUND

In the spring of 2019 Mayor Geoffrey Thomas, in response to our community's growing concerns regarding homelessness in Monroe, formed a committee to make recommendations on how the city should respond to issues relating to homelessness.

An announcement was made about the formation of the committee. Community members applied and were interviewed by the Mayor, City Administrator and the Police Chief.

The committee was formed with representation of community members from local businesses, faith based organizations, service member experts in mental health, drug dependency, and local human service providers. The committee also had represented a member with personal experience of successfully exiting homelessness.

The council confirmed ten members to serve on the Homelessness Policy Advisory Committee: Rachel Adams, Jim Bloss, Jennifer Chavez, Sean Cramer, Kyle Fisher, Geoffrey Godfey, Todd Strickler, Brigitte Tuttle, Heidi Waham and Mary Wysocki; and two adhoc members Jason Gamble and Phil Spirito.

The Committee's goals were to:

- Provide a forum for the coordination of information among local stakeholders.
- Seek thoughtful, effective, and lasting solutions to the City's homelessness crisis.
- Facilitate assistance for unsheltered persons in the Monroe community.
- Provide the Mayor and City Council with nonbinding advice and recommendations regarding issues related to homelessness.

The committee continually kept in mind these guiding questions:

- What concerns and issues does the community have about homelessness within the City of Monroe?
- What are the underlying causes of Homelessness in Monroe?
- What do we need to know about the causes, resources, and strategies underway in Monroe and other communities that reduce homelessness?

The Homeless Advisory Committee (HPAC) had its first meeting in April of 2019. The HPAC has met two times per month over the past year. Over the course of the last year that the committee has been fully immersed in this topic. The committee has had experts come to give presentations, webinars, field trips to service organizations, and assigned take-home reading.

From a of these informative and educational experiences the committee began to hone in its focus in these area: Housing, Partners, Prevention, Support Services, Public Safety, and Policy and Budget.

In each of these categories the committee brainstormed and drafted recommendations to best express a balance of compassion and accountability and a desire to help people become able to choose a path out of homelessness. The committee has also always kept in mind that homelessness is a very complex issue that exists on a very broad spectrum. There is no one size fits all solution.

In November of 2019 the Committee hosted an Open House to ask for the community's feedback on the draft recommendations. The open use was extremely well attended and successful. The feedback from the community was very serious and thoughtful, and also encouragingly well aligned with the HPAC vision.

The committee continued to meet and refine its recommendations, and in January of 2020 the final version of the Homeless Policy Advisory Committee recommendations were approved by the committee (Attachment 1).

FINANCIAL IMPACT

The city has \$306,000 in the 2020 budget to support the draft recommendations.

\$46,000	rental assistance (HB 1406 funding)
\$50,000	Emergency shelter and transitional housing services
\$50,000	Support for housing and service navigators for Monroe residents

\$73,000	Embedded social worker with the police department (shared with Sno Co.)
\$20,000	Embedded social worker with the public defender (grant through office of public defense)
\$17,000	install cameras in parks to deter vandalism
<u>\$50,000</u>	Education and outreach
\$306,000	

The first action recommended by the committee is to form a technical advisory team made up of local non-profits to work on establishing a housing consortium to develop temporary housing in a permanent facility to serve Monroe residents who are homeless.

The technical advisory team will also work on establishing a service provider network in the Sky Valley. Currently, sky valley residents have to go to Everett to get the services they need. This is a significant barrier to many people. The committee's vision is to establish programs that include a measure of accountability for those using services. The goal is to give people a hand up not a hand out.

RECOMMENDATION:

1. Review the Homelessness Policy Advisory Committee recommendations and draft implementation plan.
2. Direct Mayor Thomas and city staff to schedule the recommendations for discussion by the full city council at the regular business meeting on February 11, 2020.
3. Schedule discussion at the March 2020 Public Safety Meeting for the Action Plan and the Communications Plan.

Draft Homelessness Communications Plan

January 11, 2020

Purpose & Context

This plan was developed to support the City and its partners to communicate proactively, clearly, and consistently with Monroe residents about homelessness. It aims to dispel misinformation around this complex and charged issue. It also provides guidance for when and how to respond to social media posts and will include supportive web content once the main plan is approved.

This plan was informed by communications best practices, research regarding general public response to homelessness, a review of existing materials and social media content produced by and about the City of Monroe, comments provided at the HPAC Open House, and conversations with City staff and HPAC members, including:

- Bridgette Tuttle, HPAC Member
- Debbie Willis, Administrative Bureau Director
- Deborah Knight, City Administrator
- Geoffrey Thomas, Mayor
- Jeff Jolley, Chief of Police
- Rachel Adams, HPAC Member
- Ryan Irving, Deputy Chief of Police

Goals & Audiences

The activities outlined in this plan are designed to reach Monroe residents (whether housed or unhoused), and business owners. Our communications goals for 2020 include the following. Monroe residents and business owners ...

- Have a reality-based and unexaggerated understanding of homelessness in Monroe.
- Understand what the City is doing to ensure public safety and to help people experiencing homelessness.
- Understand individual constitutional rights and the City's legal limitations.
- Understand the varied and systemic factors that can lead to homelessness.
- Feel heard and know what to do if they ...
 - Feel threatened or unsafe.
 - Are experiencing homelessness and need help.
 - Want to help someone who does not have a home.

There are also broader goals that were discussed by City staff, including decreasing the number of encampments, reducing property crime, and increasing the number of people who receive services and housing. These are important goals that will be addressed as the City moves forward on the HPAC recommendations. This plan aims to build a foundation for future campaigns to seek funding and support to implement those recommendations.

Approach

Shifting the narrative to fact-based information about homelessness in Monroe is a complicated task because public perception may be rooted in emotions and beliefs rather than facts. Those who are housed have any number of

reactions to someone experiencing homelessness – fear, guilt, shame, anger, empathy, helplessness, frustration – and thus, our communications must address those base responses as well as providing clear and accurate information.

Ambassadors

Ambassadors will be everyday Monroe residents and business owners who represent a cross-section of the area and collaborate with a member of the City staff. Ambassadors will carry the City’s message and bolster it with their own stories and experiences, dispelling misinformation – whether over coffee or on social media.

The ambassador group should start with the existing HPAC members who are already incredibly knowledgeable about homelessness and who led a successful and well-attended open house. HPAC members could recruit others to join, focusing on under-represented groups and community leaders – ultimately building a team of 20-40 people.

The group should be formally trained and supported with:

- Consistent messaging that is adaptable so ambassadors can speak with their authentic voices
- Constructive conversation training and practice (e.g. active listening, acknowledging the other person’s point of view and empathizing with their experience, sharing how your own experience is different, etc.)
- Storytelling training and practice, so ambassadors are ready with examples that resonate
- Opportunities to learn from police officers, service providers, and people experiencing homelessness
- Criteria and guidelines for when to walk away from a conversation that is unproductive

Ideally, ambassadors would meet quarterly after their initial training to support one another, share success stories and challenges, and come up with new approaches.

Consistent Outbound Communications

In addition to the ambassadors, the City of Monroe and nonprofit partners should increase its own proactive storytelling. This effort has already begun with regular social media posts, media coverage of the outreach team, the HPAC Open House, and the Monroe This Week newsletter. We recommend building on this and diversifying the types of stories that are shared, including stories and social media posts that:

- Highlight bright spots and successes from the City’s Outreach Team and other service providers
- Share steps people can take if they feel threatened or unsafe, if they’re worried about their business, if they are experiencing homelessness and need help, or if they want to help someone who is unsheltered
- Demonstrate what it means to be a Monroe community member (e.g. a “We are all Monroe” series from HPAC members and ambassadors that highlights why they are involved in solving homelessness)
- Combat stereotypes of people experiencing homelessness by featuring them – with their consent and input – as people, not just circumstances ([Facing Homelessness](#) does this well)
- Highlight the City’s good work to ensure public safety, without stigmatizing those experiencing homelessness

The City is currently using Facebook ([City of Monroe](#), [Monroe Police Department](#), and community-led [You Had Me at Monroe](#)), [Twitter](#), [Monroe This Week](#), word of mouth, flyers, events, and their [website](#) to reach their audience. These are a good start and once they are fully populated, it may make sense to explore other channels that are informed by audience input (e.g. survey Monroe community members about how they would like to hear from the City).

Once this plan is finalized, EnviroIssues will provide graphic design support to ensure all City communications about homelessness have a consistent look and feel. We will also make recommendations for photographs and imagery.

Volunteer and Learning Opportunities

Many people shut down when confronted with the complex challenges of homelessness. Research shows that individuals are more willing to help if there’s just one person in need. But when there are hundreds or thousands of people to help, they feel overwhelmed. How could they possibly make a difference? So why do anything at all?

It is important to fight this feeling of helplessness – which can quickly turn to anger and frustration – by giving people simple things to do:

- Promote volunteer events with local shelters and service providers.
- Share opportunities for people to donate food, essential items, or money to local shelters and service providers.
- Post reading lists and organize book clubs or discussion sessions where people can learn about systemic causes of homelessness and how to advocate for change. The Monroe library could be a good partner in this.
- Encourage housed Monroe residents to smile at, acknowledge, or say hello to their unsheltered neighbors.

That last bullet won't resonate with everyone, but it can have a humanizing effect. It's harder to condemn a group of people when they have faces and names. It's also important to ask people who are experiencing homelessness what would be helpful to them – what are they hoping for from their neighbors?

Annual Report

Producing and distributing an annual report could be an excellent way for the City to report back to community members, particularly if the HPAC recommendations are implemented using public funds. It doesn't need to be long or complex – in fact, shorter and simpler will be more successful. The report could include:

- One or two success stories
- Data that demonstrates how the City has made progress, e.g. the number of people successfully housed as compared to previous years thanks to new programs and investments
- Lessons learned and plans for the coming year

To keep it manageable, the report could be a compilation of existing stories and data. (It's okay to repeat stories!) The report could be produced for print, the web, or as a short video.

Foundational Web Content

While most Monroe community members will not spontaneously visit the City of Monroe's webpages on homelessness, it is important to provide foundational messaging that serves as a resource for City staff and ambassadors (e.g. easy links to share in response to public concerns). This web content should include core messages about the City's beliefs and approach, answers to frequently asked questions, stories that demonstrate the City's efforts, stories and data that combat stereotypes and misperceptions about homelessness, and resources for those seeking help.

Managing Social Media Comments

State a Clear Policy

The first step in managing social media comments is posting a clear policy around conduct and language. The City of Monroe may have this already, but it was not readily accessible. Here is an [example of a comment policy](#).

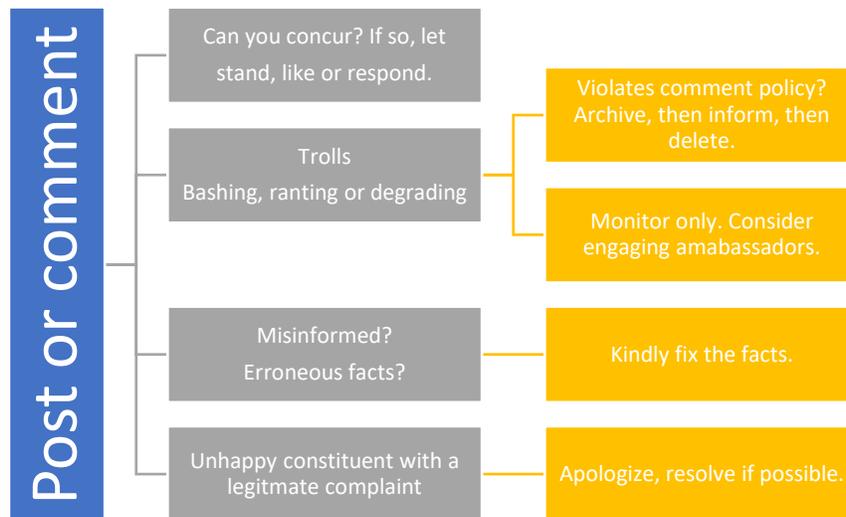

Assign Roles

Identify who will be responsible for monitoring and responding to comments. Here is one option:

- Assign a City staff member and two alternates to monitor social media comments daily.
- Identify a team of 6-12 ambassadors who are available to provide supportive comments or help dispel misinformation when needed.
- Create a schedule so not all ambassadors need to be on call all the time (e.g. weekly rotations of three).

Establish Criteria

Establish clear criteria for when and how to respond. Here are some guidelines:

Please note that this applies to City of Monroe social media sites, not to private Facebook groups. It is prudent to monitor private groups, but do not engage.

Draw on Existing Resources

When the assigned person encounters a comment that needs a response (based on the criteria above):

- Review existing web content, FAQ, and key messages to inform response.
- Respond with relevant content and a link if helpful within one to three business days (if possible)

City of Monroe Homelessness Communication Plan: Summary Table

Audiences	Goals	Key Messages	Messengers	Potential Activities & Channels
	Understand what the City is doing to increase public safety and to help people experiencing homelessness.	<p>We believe that everyone in Monroe deserves to feel safe and supported. Our officers and Outreach Team are out every day, working to reduce crime and connect our unhoused neighbors with services and resources.</p> <p>[False belief to overcome: The City of Monroe isn't doing anything to address homeless. They're letting our city die, just like Seattle.]</p>	City of Monroe	<p>City webpages that describe ongoing efforts</p> <p>Weekly social media updates (e.g. featured outreach stat, opportunity for Monroe residents to volunteer)</p> <p>Police blotter that tracks responses to public safety or disturbance and Outreach Team connections</p>
		Outreach Team	Weekly bright spots: short personal reports that celebrate a success from the field (share on social media and embed on the website)	
		Ambassadors	Share above bright spots and other updates through personal social media and conversations.	
Monroe residents and business owners	Have a reality-based and unexaggerated understanding of homelessness in Monroe.	<p>There are many factors that contribute to someone losing their home: the gap between wages and rising rents, illness or injury, domestic violence, struggles with addiction and/or mental health.</p> <p>The City of Monroe is working hard to help our unsheltered neighbors while holding them accountable for the steps they need to take.</p> <p>Criminal activity is not tolerated, but keep in mind that it is not a crime to be homeless.</p> <p>[False belief to overcome: The homeless are lazy and milking the system, they're robbing our neighbors, exposing our kids to drugs, harassing shoppers, destroying our businesses – and the City is doing nothing about.]</p>	Ambassadors	<p>Weekly stories and stats (e.g. % of working people who experience homelessness, \$100 rent increase = X% increase in homelessness) that educate and combat stereotypes and misconceptions.</p> <p>Conversations with other Monroe community members to dispel misinformation. Acknowledge their feelings and what is true in their statement. Ask questions. Share personal experiences and real-life stories to challenge and replace their narrative. Don't rely on data alone – a false story must be replaced with a more powerful true story.</p> <p>Respond to comments on social media using consistent messages (in your authentic language) and share links to relevant webpages to dispel misinformation.</p>
		City of Monroe	<p>City webpages that describe varied and systemic roots of homelessness, dispelling myths and inviting empathy. Content should also clarify that homelessness can look very different from person to person. For instance, there are people who experience chronic homelessness, who are very visible, and sometimes refuse services. However, many people experiencing homelessness are hidden, but are none-the-less affected by stereotypes and need help.</p>

Housing

There must be someplace for people to sleep - it is the humane thing to do - look at Camp Hope in Yakima

Secure parking for RVs and cars hasn't worked well in other areas

Use the back lot of City Hall

Adopt a code that allows ADU adoption. (accessory dwelling ot - secondary housing on single lot with other house)

Feel temporary housing should require mandatory drug testing

HPAC should not focus on building affordable housing - not responsibility of taxpayers

Empty building next to dollar store would be a good temporary housing

Have a foundation that has sufficient zoning which should include multi-family. (x2)

Make education about prevention a condition of temporary housing

Sky Valley Consortium is a good idea - support regional thinking, planning, and implementation

don't allow resell of junk RVs

Can religious shelter exist if they don't force religious practices on homeless

I am a developer and interested in developing subsidized housing

There are developers interested in developing 22 beautiful cottages in village setting in Monroe

Solicit donation of public/private property - at below market prices

Housing (Cont.)

Implement a community clean-up

No to RV/car parking - too many issues with sanitation and health

Partners

Centralized work and services is more effective, but must be a regional approach - a more global approach. e

Think globally - include others - work collaboratively

Hire out clean up of trash - don't expose city workers to biohazardous materials

Partners must hold homeless accountable to be sober or deny services

PTSA - School District team up for donations, education and education to students and families

Reach out to the prison for land, support, and coordination of services

Agree there is a lack of public transportation between Monroe and Everett - needs to be addressed

Include childcare for those children impacted by mental health

HPAC must work with City and County governments

Increase support for children missing school because of homelessness

Prevention

Crime Prevention education can be done by volunteers - not solely the PD's role

Share information about burglaries throughout the region

Great job! I think education is great. I didn't know about the committee - love 211 concept

Thank you for recognizing that homelessness is a complex and multi-pronged approach

Feels homeless should have an ombudsman that isn't the police

Support Services

Create an ombudsman that will serve as a "go between" police and the community

Incorporate all of the voluntary services in Monroe - increase awareness of resources

I am not homeless, but I need assistance with medical expenses and general life

What is the difference between vagrant and homelessness? City should be address panhandling - Al Brolin park

Addiction is a spiritual problem and not a government issue

Treatment services didn't work in Seattle

Didn't hear about anything about Cocoon services for children. (center in Everett that support youth and children)

Public Safety

Police are not social workers, nor are social workers police

how will accountability occur for those in treatment?

Public cameras are a bad idea - I installed my own camera

Seattle had a 10-year plan and that didn't work - a six year plan is impossible

Limit the City's plan to one year. business/residents are on the defense and not responsible for homeless

We shop in Duvall because we don't feel safe in Monroe

Implement law enforcement - like panhandling laws

The embedded social worker should be able to get a good count about the number of homeless

Work with prosecutors to increase penalties for sale and use of drugs

MPD is very responsive

Get vagrant homeless - repeat offenders - out of Monroe

Monroe to Everett is a drug highway - I am not willing to pay the transportation expense

Please enforce the panhandling laws - the homeless intimidate my elderly mother

Public Safety

Greater police presence in known areas - "best cops"

Work with courts to increase penalties for drug dealing and dealers

Do not shop in town - use Amazon instead

I am afraid for my elderly mother to shop in town (She is longtime resident - very frustrated)

Weekly police visits

Policy/Budget

Community Court is effective with personal accountability and treatment as an alternative to jail

Look at Redmond that has a Community Court

Delicate line between providing resources to individuals who are active members in the community and raising taxes

Use large vacant building in the City to establish an emergency shelter

Include solar lighting and camera for JVM food bank and garden

Delicate line between providing resources to individuals who are active members in the community and raising taxes

Concentrate on shelters/emergency housing - fill large building vacant - provide incentives

Increase incentives to developers to build affordable housing donation of surplus land

Implement code to discourage "short-term" housing like Airbnb

Comments

Seniors are not fixed income and cannot afford an increase in taxes

Include the homeless in the process so, they can help identify what help they need

Ensure there is personal accountability for those that want to be homeless - so they don't abuse resources

Thank you for all of your hard work

Some homeless do not want help and should be held accountable
