

Snohomish County
FIRE DISTRICT 7
Earning Trust Through Action

PERMIT INSPECTION REQUIRED

Final approval is subject to field inspection. Following permit issuance, you may install your project. Once your project is complete in accordance with your approved plans, please call for an inspection. Your permit files are not closed until the work has been approved by an inspector.

FIRE INSPECTION REQUEST LINE: (360) 805-0338 x2

Inspections may also be requested via email: riskreduction@snofire7.org

Fire inspections are conducted Monday through Thursday from 8:00am until 3:00pm. We strive to provide same day inspections if the requested inspection is received before 8:00am. Please provide the following information with your inspection request:

1. Your name
2. Your phone number
3. Permit number
4. Site address
5. Type of inspection requested
6. Preferred date and time of requested inspection
