Chapter 4 - Transportation

Introduction ........................................................................................................... 4•1

Purpose & Relationship to the Growth Management Act ............................. 4•1

Concurrency & Consistency
Land Use Assumptions

Transportation System Overview ..................................................................... 4•2

Functional Classification of Roadways
Pedestrian Facilities & User Groups
Bicycling Facilities & Users
Transit Services
Freight Movement
Motor Vehicles / Level of Service
Aviation

Transportation Plan Outreach ............................................................................ 4•14

Washington State Department of Transportation
Police & Fire Department
Parks & Schools
Public Meeting

Transportation Opportunities & Challenges .................................................... 4•15

Downtown Revitalization & The Gateway
Transportation LOS: The Broader Perspective
Train Complications
Bicycle & Pedestrian Facilities in Key Areas
Through-Traffic
Transit Accessibility
Funding
Chapter 5 - Economic Development

Introduction ........................................................................................................ 5•1
Purpose & Relationship to the Growth Management Act .............................. 5•1
Existing & Forecast Conditions ....................................................................... 5•2
  Economic Development Strategy
  Housing
  Economy
  Retail
  Office
  Industrial
  Branding
Conditions Summary .......................................................................................... 5•10
Economic Development Strategy ..................................................................... 5•10
  Develop a Thriving Downtown with Vibrant Main Street Character
  Provide a Great Place to Start and Grow a Business
  Become an Outdoor & Adventure Destination
  Continue Growth and Development
  Maintain Monroe’s US 2 Regional Retail Center
  Be Walkable, Accessible & Interconnected

Policy Overview .................................................................................................. 5•14

Chapter 6 - Housing

Introduction ......................................................................................................... 6•1
Purpose & Relationship to the Growth Management Act .............................. 6•1
Inventory & Analysis ......................................................................................... 6•2
  Household Size
  Housing Inventory
  Housing Age
  Housing Tenure
  Housing Cost & Affordability
Forecast Conditions .......................................................................................... 6•5
  Low to Moderate Income Housing Needs
Land Use Assumptions ....................................................................................... 6•6
Housing Strategies ................................................................. 6•6
Policy Overview ................................................................. 6•7

Chapter 7 - Parks, Recreation & Open Space

Introduction ................................................................. 7•1
Purpose & Relationship to the GMA ........................................ 7•1
Conditions Overview .......................................................... 7•2
Needs Assessment ............................................................... 7•3
Levels of Service ............................................................... 7•5
Forecast Conditions ............................................................. 7•5
Parks Development Priorities .................................................. 7•6
Policy Overview ................................................................. 7•6

Chapter 8 - Capital Facilities & Utilities

Introduction ................................................................. 8•1
Purpose & Relationship to the GMA ........................................ 8•1

Concurrency
Planning Area ................................................................. 8•2
Existing Conditions .............................................................. 8•2

Utilities
Public Services & Facilities
Essential Public Facilities
Level of Service Standards .................................................. 8•3
Capital Facilities Financing ..................................................... 8•5

Capital Facilities Needs vs. Funding Capacity
Capital Improvement Program ............................................... 8•6
Policy Overview ................................................................. 8•6
Water Service Area map ....................................................... 8•8
Existing Sewer System map .................................................... 8•9

Chapter 9 - Shorelines & Natural Environment

Introduction ................................................................. 9•1
Purpose & Relationship to the GMA ........................................ 9•1
Natural Environment ........................................................... 9•1
Chapter 10 - Plan Implementation

Introduction ................................................................. 10•1
Commitment to Implementation ...................................... 10•2
Continuous Planning Process, Implementation .................. 10•2
Major Updates of the Comprehensive Plan ....................... 10•2
Annual Plan Amendment Process .......................................................... 10•2
Capital Facilities Plan ........................................................................... 10•3
Reporting to the Planning Commission & City Council ....................... 10•3
Implementation Responsibility ............................................................ 10•4
Action Items Execution table .............................................................. 10•5
