OLD BUSINESS

A. Zoning Code Amendments

Director Osaki discussed two major components of the zoning code including:

- 1) The zoning code text; and,
- 2) The zoning map.

With regards to the Downtown Commercial zoning district, Director Osaki referenced the discussion from the Planning Commission's January 25, 2016 meeting. Director Osaki noted that the discussion generated comments on zoning map and zoning text amendments specific to the Downtown Commercial zoning district and also the zoning neighborhood(s) within the Downtown Commercial zone.

Director Osaki explained that a zoning map amendment would, among other items, change the range of uses allowed on a property based on the use tables and what the new zoning district would and would not allow. Zoning map amendments require that the map amendment be consistent with the City of Monroe Comprehensive Plan as well as the zoning purpose statement and zoning description of the new zoning district.

Another approach to revising uses on a property is to amend the zoning text within the zoning district. **Director Osaki** outlined the pros and cons of amending the zoning code text. He explained that the text amendment would need to be consistent with the City of Monroe Comprehensive Plan.

The Commission discussion is summarized below:

The Planning Commission discussed potential zoning code amendments to the Downtown Commercial zone. The Planning Commission referenced Monroe Municipal Code Chapter 18.12 (Downtown Commercial Zone), a Downtown Planning Area Map, the 2015-2035 Comprehensive Plan - Downtown Goal and Policies, and an Aerial Photograph.

The Commission discussed the advantages and disadvantages to amending the zoning code text and the zoning code map for specific downtown neighborhoods. They also discussed priorities in amending the development code regulations and code processes.

B. February 8, 2016- Joe Tovar Presentation- Follow-up

On February 8, 2016 the Planning Commission heard a presentation from Mr. Joe Tovar, FAICP, about planning commission, city council and staff roles, effective meetings, comprehensive planning, plan implementation and the development review process.

The Commission discussed the presentation and expressed gratitude to Joe Tovar for presenting.

DISCUSSION BY COMMISSION AND STAFF

There was brief discussion and reports by staff and the Commission regarding issue of interest.
